There is a new fingerprinting process for new officials known as EasyPath.. The School Board of Broward County has contracted with L-1 Identity Solutions to process fingerprinting for independent contractors. New officials complete the enclosed form and follow the directions at the bottom of the form (to fax or email the form). There is also enclosed a page of directions explaining what is needed on the form. This is a custom form for *officials only*.

Also enclosed is the new language added to the Jessica Lunsford Act. The new system will allow reciprocity of level 2 screenings with all counties in Florida. This is called the Florida Shared School Results (FSSR) system.
